Guillaume is passionate. Smiling and energetic, he will always find you the best surf session. Born in Brest, he was immersed in water sports from an early age. He got his bearings by monitoring the beaches in the summer and obtained a sports educator license at the faculty of Brest. The surf spots

Magnet Surf School is a traveling school. Thanks to the minibus and its trailer, Guillaume takes you to the most suitable beach. Kerdreux beach is the southern part of La Palue. Place known for its translucent blue waves. There are always waves going on. From a listed village, the very authentic access will transport you to the very special atmosphere of Cap de la Chèvre. The beach of Kersiguénou in the cove of Goulven is a quiet and accessible spot. It is ideal for beginners as well as experienced surfers. Long waves break there flexibly in an idyllic setting.

The stay

Surfing on the Crozon peninsula is a unique experience. You will appreciate the charm of small coastal villages and a wild and protected environment. In the heart of the Armorique Natural Park, you may have the chance to surf with dolphins or seals. After the surf session it is pleasant to stroll through the alleys of Morgat.
